SCHOOLPASS

The complete K-12 attendance automation and school movement solution, in the cloud.

Secure Your Campus

Monitor campus vehicle traffic, screen visitors with modern contactless technology, and respond to emergencies faster with campus visibility and alerts.

Modernize Operations

Consolidate attendance, late arrivals, early dismissals, bus changes, activity enrollment changes, playdates, and more into a single frictionless process.

Streamline Communications

Manage student schedule changes with 85% less admin hours by allowing parents to update attendance, arrival, and dismissal changes from the SchoolPass App.

Automate Attendance

Fully automate attendance at every period of every day, so you and your teachers can focus on educating rather than playing hall monitor.

Efficiency at its best

- Instantly know who is driving on/off campus
- Improve parent engagement and communication
- Track student and visitor management
- Automate and manage dismissal operations

> "SchoolPass is a powerful software that truly enhances school operations"
